

## *The Epiphany of the Lord*

Readings Isaiah 60:1-6 + Ephesians 3:2-3A, 5-6 + Matthew 2:1-12

### *A Star Shines Brightly*

My mother told me that my first word was light. Of course, at six months I said “ight!” Watching little babies, I always see them looking toward the lights and being fascinated by anything that sparkles.

The feast of the Epiphany is a fascination with the light. The Wise Men see the light of a star. They studied the star, realized it was extraordinary and that the star was leading them to a special event – earthly and heavenly – to a newborn King. They set off to find him and, after a long journey, their lives are forever changed.

We have the same opportunity each day to follow the light. It’s not always easy to see but it is always there. Let’s look for it and follow as God calls us to.
